Applicants : Thomas J. Bradbury et al.
Application No. : 09/828,504
Filed : April 5, 2001
For : SYSTEM AND METHOD FOR RAPIDLY CUSTOMIZING A
DESIGN AND REMOTELY MANUFACTURING BIOMEDICAL
DEVICES USING A COMPUTER SYSTEM

Art Unit : 2161
Docket No. : 900122.420
Date : September 12, 2002

Commissioner for Patents
Washington, DC 20231

FOURTH SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents:

In accordance with 37 C.F.R. §§ 1.56 and 1.97 through 1.98, applicants wish to make known to the Patent and Trademark Office the references set forth on the attached form PTO-1449 (copies of the cited references are enclosed).

Reference DC (Huang, H.K.) on the attached Form PTO-1449, is not a printed copy of the book, but a printout of the book's description, details, and reviews from an internet website. Applicants have not otherwise had access to the book.

References DE, and DP to DU on the attached Form PTO-1449, are all internet web page references that are no longer available or have been moved to another site/page. Applicants have thus been unable to retrieve copies of the entire websites.

As to any reference supplied, applicants do not admit that it is "prior art" under 35 U.S.C. §§ 102 or 103, and specifically reserve the right to traverse or antedate any such reference, as by a showing under 37 C.F.R. § 1.131 or other method. Although the aforesaid references are made known to the Patent and Trademark Office in compliance with applicants' duty to disclose all information they are aware of which is believed relevant to the examination of the above-identified application, applicants believe that their invention is patentable.

Please acknowledge receipt of this Fourth Supplemental Information Disclosure Statement and kindly make the cited references of record in the above-identified application.

Respectfully submitted,

Thomas J. Bradbury et al.
